Thank You, Daniel Island. We're Honored to Be Voted Your Best.

Winning the Best Of Daniel Island award for Best Internet Provider is something we don't take lightly. It means our neighbors, your families, your businesses, your students working late, and your parents streaming on the weekend, trusted us enough to say we earned it. This kind of recognition comes from years of showing up, solving problems, and treating every customer like they matter, because to us, you do. From everyone here at Home Telecom, thank you. Truly.

Home Telecom has been serving South Carolina communities since 1904, built on the simple belief that people deserve reliable connections and neighbors who actually pick up the phone. We started as a small telephone cooperative with just 6 lines, and over the decades, we've grown alongside the communities we call home. Adapting to changes

in needs and available technology, we've welcomed the opportunity to expand our services with an innovative spirit. We've invested heavily in fiber-powered internet infrastructure to bring Daniel Island the speeds and reliability that modern life demands, so you never have to wonder if your connection will hold during an important video call, a big game, or a quiet night in with the family.

Whether you're working from home, running a small business, or keeping the whole family entertained, we have a plan built around your life. No data caps, no surprises, no equipment fees, and no fine print designed to catch you off guard. Just fast, dependable internet backed by a team that genuinely cares because we live here too. When you call, you'll reach a real local person who knows this com-

munity, not a call center halfway across the country.

We also understand that great internet is more than just having the fastest speeds. It's about feeling confident that your home or business is connected when it counts. That's why we continue to expand and upgrade our network, invest in local infrastructure, and listen to what our customers actually need.

This drives us to keep improving, growing, and delivering the level of service you deserve every day. The award belongs to every customer who called us, trusted us, and stayed with us through the years. We don't take that loyalty for granted, and we're committed to earning it again every single day. Ready to explore your options? Visit HomeSC.com or call a friendly Home Telecom representative today.

Exceptional plastic surgery starts with listening

Q: What sets O'Neill Plastic Surgery apart?

Choosing a plastic surgeon is about more than credentials — it's about trust, communication, and feeling truly cared for. Since opening O'Neill Plastic Surgery on Daniel Island in 2009, Dr. Patrick O'Neill has built his practice around patient-centered care, safety, and natural results. His goal has always been to create an environment where patients feel heard, educated, and confident in their decisions.

Q: What is the practice's approach to patient care?

At O'Neill Plastic Surgery, every consultation begins with a conversation. The team takes time to understand each patient's concerns, goals, lifestyle, and expectations before discussing treatment options. It's never about recommending "what" right away — it's about helping patients decide if a procedure is

truly right for them. This thoughtful, pressure-free approach ensures patients feel informed and confident in every decision.

Q: What treatment options are available?

With a fully accredited on-site Surgical Center and a comprehensive Aesthetic & Laser Center under one roof, patients can explore both surgical and non-surgical treatments in one place. This allows for a transparent, educational experience where risks, benefits, recovery timelines, and alternatives are clearly explained. Each treatment plan is completely customized — never one-size-fits-all.

Q: How do you define a successful result?

While technical precision and safety are always priorities, success goes beyond the operating room. A successful outcome means patients feel confident, refreshed, and like

the best version of themselves — never overdone. Natural, balanced results that complement each individual's features are always the goal.

Q: What can patients expect from consultation through recovery?

From the first appointment through post-procedure care, the team prioritizes education, safety, and support. Board-certified surgeons Dr. O'Neill and Dr. Dixon Swartz, along with a highly trained clinical team and advanced tools like 3D imaging, ensure patients feel informed and comfortable every step of the way.

Exceptional plastic surgery starts with listening — and continues with genuine care long after recovery.

Ready to start the conversation? Schedule a consultation at O'Neill Plastic Surgery to explore personalized options designed around you.

Welcome to the inaugural edition of Best of Daniel Island.

With thousands of votes cast, we are proud to introduce the winners of the 2026 Best of Daniel Island Awards. Inside these pages, you'll find the businesses, organizations and professionals that stood out among the rest — the places you trust, the services you rely on and the local favorites that help define life on the island and beyond.

What makes this recognition truly special is that every winner was chosen by you, the readers and residents who know this community best. These are your go-to spots, your neighbors and the hardworking teams behind the businesses that keep Daniel Island and the surrounding areas thriving. Each one reflects the commitment, creativity and passion that make this community such a special place to call home.

We hope you'll keep this magazine close throughout the year as a guide to the very best our area has to offer. Whether you're looking for a new favorite restaurant, a trusted service provider or a hidden gem you haven't discovered yet, you'll find it here, recommended by the people who live here.

Daniel Island continues to grow, but its heart remains the same: a strong sense of community, connection and local pride. At its core are the people — the business owners, employees and loyal customers — who invest in making this place better every single day. It's an honor for us to celebrate their work and share their stories.

Thank you for being part of what makes Daniel Island and the Lowcountry such an incredible place to live, work and enjoy life. We encourage you to support local, shop local, dine local and, of course, read local.

Enjoy Best of Daniel Island 2026, and don't forget to congratulate this year's winners.

Best regards,

A Neighborhood Burger Joint Built for Neighbors

Thank You, Daniel Island.

We're incredibly grateful to the Daniel Island community for voting Heavy's Barburger Best New Restaurant, Best Restaurant, and Best Burger in the Daniel Island News. That kind of support means a lot to our team.

Heavy's was built to be a neighborhood burger joint where great food and genuine hospitality come together. At the heart of it all is our crew. Restaurants are a team sport, and we're fortunate to have a group of people who care deeply about what they do and about taking care of the guests who walk through our doors.

Our team takes pride in the details - great burgers, cold drinks, a clean restaurant, and service that feels warm, welcoming, and personal. Around here we believe in big hellos, big goodbyes, and making sure every guest feels genuinely taken care of.

Daniel Island has welcomed us in a big way. Whether you've stopped by with family, met friends at the bar, or told a neighbor about us, you've helped make Heavy's part of the community.

And yes - we play the music a

little loud. We find burgers, cold drinks, and good company sound better that way.

Thank you, Daniel Island. We're so proud to be here.

A Closet Case Brings Two Decades of Expertise to Your Home

A Closet Case is a Daniel Island family-owned business, which has been around 20+ years. We specialize in designing and installing custom closets of all shapes and sizes. From small reach-in closets to large walk-in closets with lighting and glass, we do it all.

However, our expertise doesn't stop there. We also create a wide variety of beautiful custom organization systems for both residential and commercial customers including pantries, home offices, laundry rooms, dry bars, drop zones, craft centers, and garage storage solutions.

Imagine opening a closet where everything has its place. Shoes are perfectly displayed, clothing is organized by season, and accessories are easy to find. A Closet Case can turn that vision into reality—while improving much more than just your closet.

Custom design specialists create

storage systems tailored to your lifestyle, space, and daily routines. Instead of struggling with generic shelving that wastes space, you get solutions designed specifically for your home. From walk-in closets to reach-in closets, every inch is optimized for efficiency, beauty, and convenience.

But the benefits go far beyond closets. We also design functional pantries, helping you maximize kitchen organization with adjustable shelving, pull-out drawers, and dedicated zones for everything from spices to small appliances. Mudrooms and drop zones can transform chaotic entryways into clean, organized spaces where backpacks, coats, shoes, and keys all have a designated home.

Working from home? A professionally designed home office can improve productivity with built-in desks, smart cable management, and storage that keeps your work-

space clutter-free. Even your garage can become a streamlined storage hub with wall systems, cabinets, and overhead racks that keep tools, sports equipment, and seasonal items neatly stored.

The biggest advantage of working with A Closet Case is the complete, end-to-end service. You will work directly with the owner and island resident, Tanya Murphy, to plan the perfect system, and professional installers ensure everything fits flawlessly. The result is a home that feels larger, more organized, and easier to live in every day. Custom storage isn't just about organization—it's about creating spaces that work beautifully for your life.

The Heart of Island House Real Estate is You

When Tricia Peterson moved to Daniel Island from Pennsylvania in 2008 with her husband and three children, she wasn't simply relocating—she was planting roots. Like so many families drawn to the Lowcountry, they quickly fell in love with the charm, strong sense of community, and natural beauty that make Daniel Island and the Charleston area such a special place to call home. While raising her children here, Tricia began building her real estate business from the ground up—one relationship, one home, and one client at a time.

What began as a one-woman, locally rooted operation has grown into a curated team of ten professional women and one of the most trusted boutique firms in the area. Today, Tricia proudly serves as Owner and Broker in Charge of Island House Real Estate, a small business born from the Daniel Island community and supported by the neighbors, families, and clients who call it home. That local support has consistently placed Tricia in the top

one percent of Charleston Realtors, and in 2026, Island House Real Estate was honored as the Best Real Estate Company—a recognition Tricia considers a true reflection of the community that helped build the business.

Despite the company's growth, the heart of Island House Real Estate remains unchanged: hard work, integrity, and an unwavering commitment to putting clients first. Tricia and the Island House team believe real estate is more than a transaction—it's a milestone in someone's life. Whether buying a first home, upgrading for a growing family, investing in property, or selling a longtime residence, every client deserves thoughtful guidance and a trusted advocate.

At Island House Real Estate, service begins with listening. By understanding each client's goals, lifestyle, and priorities, the team can tailor strategies that align with both dreams and practical realities. Blending a warm, welcoming approach with tireless effort, they

guide clients through every step of the buying and selling process with clarity, expertise, and confidence.

Staying closely connected to Charleston's dynamic real estate market, Tricia and her team remain on the pulse of local trends, new developments, and emerging opportunities. Through strong relationships within the industry and throughout the community, Island House Real Estate offers far more than listings and showings—it provides a trusted network of resources to support clients from start to finish.

Above all, Island House Real Estate is built on loyalty, discretion, and trust. The philosophy is simple: educate clients so they can make informed decisions, maximize their investments, and minimize risk.

Because for Tricia Peterson and Island House Real Estate, it has always been about more than real estate—it's about helping people find a home to house the life they love.

Thank You for Voting Us "Best of Daniel Island!"

At All About Windows, we are honored to be the Lowcountry's trusted choice for custom window treatments. As a family- and woman-owned business since 1999, we've built our reputation on more than just high-quality products—we've built it on the personal relationships we share with our neighbors.

Expertise You Can Trust

Whether you're a homeowner or a business owner, our team brings decades of hands-on experience to every project. We don't just sell window coverings; we collaborate with you, your architects, and your designers to bring a specific vision to life. From the initial consultation to the final installation, we ensure every detail provides the perfect balance of aesthetics, energy efficiency, and privacy.

Deep Gratitude for the Community We Call Home

Being named Best of Daniel Island is an honor that is received with deep gratitude.

Since relocating from Philadelphia to Daniel Island in 2011, I have had the privilege of building a practice rooted in both sophistication and service. Daniel Island is more than a place of work; it is home. And serving this community is a true privilege.

At Beacon Pointe Advisors, we believe wealth is not simply accumulated — it is architected. Through disciplined investment strategy, meaningful impact initiatives, and intentional legacy planning, we help high-net-worth individuals and families align their capital with their values, vision, and what matters most.

Our clients seek more

than performance. They value clarity. Discretion. Long-term partnership. They understand that true wealth provides freedom to choose, to give, to grow, and to live deliberately.

In a world preoccupied with short-term noise, we focus on enduring structure and thoughtful design. We listen carefully. We plan comprehensively. We remain steady through life's transitions and market cycles, alike.

Being named to Best of Daniel Island reflects the trust placed in us by members of our local community who expect excellence — and partnership that endures.

Because lasting wealth is never accidental. It is intentional. And it is designed.

Finding Light and Inspiration on the Canvas

Daniel Island, you have my heART. 21 years ago during profound grief having lost my sister, dad and grandad, I started painting to heal. You nurtured my soul and supported my passion. As I took workshops and classes and critiques, you encouraged me. When I started painting live in the parks and for events, you showed up. When I started selling my work, you collected.

Being an artist is emotional and wonderful: capturing a moment on canvas that is meaningful and having it hang in a neighbor's home is very fulfilling work. Your home is an expression of who you are: calm, confident, serene, thoughtful, energetic, fun and even chaotic! Collaborations commissioning artwork in harmony with your home is

very gratifying. Developing artwork that is personal is meaningful to me and I am forever grateful for the joyful gift of collectors. Thank you for your trust, your friendship and your vote for best artist among the amazing, talented artists here on the Island! I appreciate you.

Creating is cathartic. Sketching requires no experience and is therapy at any age. We all need calm in the chaos. It is my hope that these words inspire others to begin a creative journey.

Experience the essence of Japanese Fusion and more

Tucked into the heart of Daniel Island, Wasabi Daniel Island has been a local staple since 2008, blending refined Japanese tradition with a vibrant, modern sensibility. Led by owner Johnny Chan, whose 25+ years in fine dining shape every detail, the restaurant strikes a seamless balance between upscale sophistication and relaxed coastal charm.

The menu reflects an expansive Asian fusion approach, offering everything from expertly prepared sushi to Thai favorites and hibachi classics. Standouts include the chef's omakase experience, flavorful pad thai, and crowd-pleasing hibachi, all crafted with the highest quality fish,

fresh ingredients, and time-honored techniques.

Guests can settle in for a romantic date night or bring the whole family, enjoying a welcoming atmosphere that extends to a scenic patio overlooking the waterfront pond. A beloved happy hour and daily specials further elevate the experience, making Wasabi as approachable as it is refined.

With nearly two decades on Daniel Island and deep roots in the Charleston dining scene, Wasabi has earned consistent "Best Of" accolades—including Best Sushi and Best Asian Food in 2026—thanks to its loyal community and commitment to excellence.

Helping People Make a House a Home

Firstly, Renaissance South wants to thank our clients, colleagues and partners for voting us best of Daniel Island.

For 18 years, Renaissance South has prided ourselves on helping people improve the way they live in their homes – whether through renovations of existing houses or building dream homes of their own. We feel strongly that without having a “fingerprint” on the place you spend the majority of your quality time with family and friends makes a house a home.

We find value in a stringent building process, the highest-grade materials,

quality long-term relationships and communication. We strive to be the best in the people business who deliver fun, comfortable, sustainable and safe building projects. Furthermore, it is humbling to have been voted “best of” in two categories. Hopefully that means we are living up to our personal and professional values in a visible way. Thank you again, Daniel Island (owner Rob Crawford’s personal home as well), for this humbling honor and we look forward to serving this great community for many more years to come!

Experience You Can Bank On Since 2002

I am honored to be named the best Mortgage Banker by my clients and the community that I have called home since 2002. I am celebrating my 30th year helping clients buy, build, refinance, and renovate. It has been incredible to see this island transform into the most beautiful place to live, work, and play, and I am blessed to have been able to be a part of so many dreams come true for clients wanting to live on Daniel Island.

Beacon Community Bank is located on Daniel Island

along with 5 other locations around Charleston. We are locally owned, and operated, with local decision making. I specialize in purchase, refinance, constructions loans, condo’s, medical professional loans, first time buyers, and land loans.
